

## Janus Goddess Flies Over Malta

Myriam Thyes, 2011

Digital video / animation, 768 x 576 px, 25 fps, codec: foto jpeg, 1 min, stereo.  
Script, graphics, photos, animation, editing, sound: M. Thyes.

The red silhouette of a twin headed female figure flies over Malta - leaving behind residential areas, churches, hotels and fortresses.

The island of Malta represents catholic and military history of Europe, and tourism; still the spirit of the goddess can be felt ... or such a spirit is needed ...
